## GRADE POINT AVERAGE SHOWS INCREASE FOR LAST QUARTER

Beta Zeta and Sigma Alpha Lead Fraternities in Scholarship

The grade point average for the University at large for the winter quarter is 20.56, the women's average being 22.11 and the men's 19.23. This is considerably higher than ever before in the history of the grade point system. The Beta Zeta sorority led the women's social organizations with an average of 26.44, and Sigma Alpha fraternity led the men's social organizations with an average of 21.66. The Templars, who organized too late to be classified for the winter quarter, averaged 26.26. The probable reasons for the increase in grade points are the increased comfort of the new library, the establishment of the new residence halls, and the fact that this year's freshmen have been better prepared, being for the most part the highest two-thirds of their respective classes, according to Dean R. H. Jesse.

The average of sorority women is

### Sorority Standings.

Sorority	Average	Average of House Residents	Average of Outside Residents
Beta Zeta	26.44	26.85	25.94
Kappa Alpha Theta	24.11	24.05	24.61
Kappa Kappa Gamma	22.08	21.25	22.03
Alpha Phi	21.76	22.99	21.03
Omega Xi	21.50	25.43	18.44
Delta Gamma	20.84	22.22	20.03
Phi Beta	20.70	19.77	21.43
Kappa Delta	20.06	17.38	21.83
Alpha Chi Omega	19.34	19.58	19.18

### Fraternity Standings.

Fraternity	Average	Average of House Residents	Average of Outside Residents
Sigma Alpha	21.56	24.00	19.76
Alpha Delta Alpha	20.03	18.85	20.89
Sigma Phi Epsilon	19.34	19.25	19.40
Phi Delta Theta	18.37	19.77	17.59
Sigma Chi	18.26	16.91	19.12
Sigma Nu	17.25	16.06	17.06
Phi Sigma Kappa	17.15	17.68	16.53
Alpha Tau Omega	15.19	15.70	16.31

21.78, while the average of non-sorority women is 22.47. Fraternity men average 18.51 and non-fraternity men average 19.48.

The averages of those participating in extra-curricular activities are: Debates, 24.39; dramatics, 18.33; Glee club, 14.81; Varsity basketball, 19.78; frosh basketball, 16.94.

### Class Officers

The officers of the freshman class led all other class officers with an average of 26.03. The juniors came next with an average of 24.00, leading the seniors by .08 of a grade point, the seniors' average being 20.08. The sophomore class officers' average was 19.04. The Central board members averaged 22.09. WSGA officers averaged 26.00.

Honorary organizations' averages are as follows: Kappa Tau, 34.83; Penetratia, 26.00; Silent Sentinel, 18.57; Bear Paws, 17.65.

### Knowles Cottage Leads

Knowles cottage led all organized places of residence, as well as the University at large, with the average of 36.33. The residents of Craig hall averaged 19.18, while those in North hall averaged 21.84. The freshmen women averaged 19.75.

Simpkins hall averaged 19.34, while South hall averaged 17.94. Freshmen men averaged 16.01. University officials feel that the advantages of the new halls are having a great deal to do with high scholarship marks set last quarter.

## KAPPA KAPPA GAMMA BUYS NEW RESIDENCE

Kappa Kappa Gamma sorority has purchased the Trask home at 434 Beckwith avenue, and expects to take possession of its new home in September.

The sorority has its chapter home at present at 233 University avenue.

## WOMEN'S BASEBALL TEAMS TO FIX ORDER OF GAMES

Girl representatives of the class baseball teams will meet Wednesday afternoon at 4 p. m. to draw lots determining the order of the games next week.

The first two games will be played Monday afternoon. The locality has not been determined, but in all probability the games will be played on the oval.

## STUDENTS BROADCAST TRACK MEET RESULTS

Students taking radio communication under the leadership of Professor G. D. Shallenberger, broadcasted the results of the Interscholastic Track meet.

Claremont, New Hampshire, picked up the local station, the results being heard clearly. Battle Creek, Michigan, also reported the results came in very well. Montana and all western states including Colorado, California, Oregon, Washington and Idaho sent in reports of picking up the University station.

The University band in the near future will give a concert to be broadcasted.

During the track meet a microphone was used to make announcements, amplifying the voice 4,800 times. This was an experiment and worked with great success, the announcements being heard in all parts of the stands.

Only two hundred tickets will be sold and these can be purchased at the campus store and fraternity houses where men will be put in charge of distribution. Tickets will cost one dollar and will go on sale Thursday. The money realized from the dance will be turned back to the athletic fund to be used in the furthering of athletics at the University.

Sheridan's orchestra, consisting of six pieces, has been engaged for the evening. George Dahlberg and Ralph Christie are in charge of the dance.

## Freshmen Are Victors in Annual Competition on Track and Field

Five collegiate field records were broken in the interclass track meet, which was won by the freshman track team with a total of 52.1 points to 30.8 points for the seniors, the runners-up.

John Shaffer and Force Baney vaulted 11 feet 6 inches, three inches above the record. Al Blumenthal put the shot 44 feet 3 inches; Ted Plummer's 168-foot javelin throw broke the record; Sweet's time of 22 flat in the 220 smashed another record, and John Shaffer heaved the discus 141 feet 3 inches. Shaffer, with a total of 19 points, was high-point man of the meet, winning three firsts and tying for another first.

Sweet took the 100- and 220-yard dashes handily, Stark coming in second. Ritter took the 440-, doing the distance in 53.8 seconds, Tysel taking second. Gillette was not forced to extend himself in the mile, but was pushed closely in the half-mile by Rottler, who spurred at the finish but could not overtake the fast-moving freshman. His time for these races was: Mile, 4 minutes 32 seconds; half-mile, 2 minutes 4 seconds.

Shaffer took both high and broad jumps with 5 feet 4 inches and 20 feet 9 inches, respectively. Blumenthal won the shot-put with a heave of 44 feet 3 inches. Coyle and Spaulding took first honors in the hurdles, the former doing the low hurdles in 20 1/2 seconds, and the latter winning the high hurdles in 17 flat. Baney and Shaffer tied for first in the pole vault, attaining heights of 11 feet 6 inches, but failing to clear the bar when it was placed at 12 feet.

Score by points: Freshmen, 52.1; seniors, 30.8; sophomores, 20.5; juniors, 13.6.

Here's how they went:

100-yard dash—Sweet, freshman, first;

## MONTANA ALUMNI COACH WINNERS IN TRACK MEET

Dahlberg and Daylis Coach Leading Teams; Debate Squad Coached by Varsity Man Wins

Teams coached by Montana graduates won 79 1/2 points at the Interscholastic Track meet last week. Harry (Swede) Dahlberg's team from Butte took first in the meet and was also awarded permanently the Missoula cup for the team winning the greatest number of points for five years. Steve Sullivan, coaching Butte Central, brought over the winning relay team, which was awarded the Donohue cup, given permanently to the school having won the greatest number of points in the relay race for five years.

Lloyd Madsen, coaching Hamilton, took second place in the meet with 26 13-14 points. Fred (Cubs) Daylis, with two athletes from Billings, took nine points, winning first and fifth in the 220-yard dash and third in the century. William Jameson, graduate of 1920, coached the winning debate team from Billings.

## LLOYD MADSEN WILL BE SCOUT EXECUTIVE

Lloyd Madsen, '23, who has been coaching at Hamilton high school since his graduation, has been appointed Boy Scout executive at Anaconda. He will have charge of all Boy Scout work such as summer camps, athletics, etc. He will leave for Anaconda the latter part of this week.

## LAW FRATERNITY INITIATES FOUR

Phi Delta Phi, national law fraternity, held initiation Sunday, May 11, at the county courthouse, at 1 o'clock. Those who were initiated are: Associate Justice Galen of the supreme court, Judge Self of Hamilton, H. M. Johnston of Billings, and J. M. Freeman of Great Falls. After the initiation ceremony a banquet was served at the Florence hotel. Roy Mischand acted as toastmaster. The speakers were: Chief Justice Calloway of the supreme court, Associate Justice Galen, J. M. Freeman, Judge Self, H. M. Johnston, Professor Colvin, Professor Pope and Professor Mathews.

### NOTICE

All men out for spring football, please turn in their suits today between the hours of 4 o'clock and 6 o'clock.

ARCHIE BLAIR, Manager.

## GRIZZLIES LOSE TO VANDALS AT MOSCOW YESTERDAY 4 TO 2

## LAWYERS' OPENING IS HELD SATURDAY

Formal opening of the Law school was held last Saturday, May 10. In the afternoon inspection of the building was held. At 8 o'clock in the evening the opening services took place. Chancellor Brannon presided. The speakers were: J. W. Freeman of Great Falls and Chief Justice Calloway of the supreme court. After the talks a smoker was given by the Law School association.

## DORIS KENNEDY WSGA PRESIDENT

Robinson, Rouse and Skulason Are Also Elected to Offices

Doris Kennedy was elected president of WSGA at the final election held yesterday in Main hall. Other officers elected were Doris Rouse, vice-president; Valentine Robinson, secretary; Stella Skulason, treasurer.

A lantern parade, in honor of the new officers, will be held tonight at 8:30. All sororities and North and Craig hall girls are asked to be on the campus dressed in white for the installation ceremonies. It has been customary in years past for all girls to carry lighted lanterns on willow branches around the oval and WSGA offices are formally given over to the new officers. The WSGA president surrenders a key to the incoming officer, the vice-president gives a book; the incoming secretary receives the secretary's book, and the treasurer the book of WSGA finances.

## MAURICE BROWNE ARRIVES TODAY; READY FOR WORK

Will Take Part in "You and I" Under the Direction of Roger Williams

Maurice Browne, widely known actor and the father of the "Little Theater" movement, will arrive in Missoula today to take part in the Masquers' production of Philip Barry's "You and I" under the direction of Roger Williams, which will be presented in a few weeks.

Speaking of the play and the cast which he has chosen for the presentation of the play, Mr. Williams stated: "You and I" is you and I, for we cannot dodge the fact, tragic or comic, of being father, mother, son or daughter. The play is made, beautifully and charmingly made, of the age-old materials for drama, love and marriage, domestic happiness or careers, business or profession. Shall I counsel my son to marry early the girl he loves and go into business, or shall I counsel him to brush his youthful love aside, go in for a career—doctor, lawyer, merchant, chief—and wait for the next girl to turn up, another girl just as good? Shall I, a middle aged man, abandon my business to become the thing I have always wanted to be—doctor, lawyer, merchant, chief? Not shall I, but can I? Well, that's the stuff out of which Phil Barry has made his play and brought out of the nowhere into the here two breezy young collegians, two whimsically sweet, yet gripping, strong middle-aged people, a model maid—no, a maid-model—at whom you laugh yourself into several pounds more weight, a man of letters with a fine sense of humor and a business man with none at all—these are the interesting people you meet in "You and I" as they will be impersonated by Maurice Browne, Mary Fleming, Audrey Allen, Earl Johnson, Helen Ramsey, Albert Stark and Martin Hudloff."

### Baker Praises Play

Professor G. P. Baker, the father of the 47 Workshop, in which Philip Barry learned to write plays, leader in the na-

Rally in the Ninth Checked by Idaho Shortstop's Sensational Catch

Although they made eight hits to Idaho's four the Grizzlies baseball team lost the first of a two-game series at Moscow yesterday, 2 to 4. A hit batter, a base on balls, Fitzke's long single and Berg's error gave three runs to Idaho in the sixth. A Montana rally in the ninth inning, netting one run, was cut short when Stivers, Idaho shortstop, made a sensational catch of O'Connor's Texas leaguer. This is the third game Montana has lost on its western trip, having suffered defeat at the hands of the University of Washington nine Friday and Saturday by the scores of 7 to 3 and 15 to 0.

Score— R. H. E.  
Idaho ..... 4 4 3  
Montana ..... 2 8 2  
Batteries—Fields and Kinnison; O'Connor and Long.

The first game of the trip was rather loosely played, five errors being made, of which the Grizzlies contributed only one, but O'Connor was wild, permitting seven walks, and Al Morgan, Husky hurler, allowed the same number. The former allowed eight hits and whiffed four men, while Morgan gave the same number of strolls, but kept Montana down to five safe wallops.

The score: R. H. E.  
Montana ..... 3 5 1  
Washington ..... 7 8 4  
Batteries—O'Connor and Long; Morgan and Boyd.

The Huskies took the second and last game of the series from the Grizzlies by the score of 15 to 0, mauling Hanson, who started his first game of the season, for 17 hits. The Grizzlies could get but one lone single off the offerings of Tesereaux and McDonald, Washington hurlers, who were given faultless support, not an error being charged to the Huskies.

The score: R. H. E.  
Montana ..... 0 1 2  
Washington ..... 15 17 0  
Batteries—Hanson and Long, Guthrie; Tesereaux, McDonald and Boyd.

## ELIZABETH MINOR RETURNS FROM FRATERNITY CONVENTION

Next Kappa Epsilon Conclave Will Be Held in Missoula

Elizabeth Miner, delegate from the local chapter of Kappa Epsilon, honorary women's pharmaceutical fraternity, returned last week. She attended the third annual convention of Kappa Epsilon, held at the State University of Iowa at Iowa City, April 25 and 26. Gamma chapter of Kappa Epsilon was hostess to the convention.

Beta Phi Sigma, men's honorary pharmaceutical fraternity, gave a dinner and dance, April 25, in honor of the delegates and members of Kappa Epsilon. The following evening of the convention Kappa Epsilon gave a dinner and dance.

At the present time only four chapters of Kappa Epsilon have been organized. These chapters are located at the universities of Minnesota, Nebraska, Iowa and Montana.

Plans have been made to have the convention of 1925 meet at the University of Montana during the latter part of April.

national theater movement and recognized authority on drama, says of "You and I": "Gladly, in the Belmont Prize Competition, last summer as one of the judges, I voted that to your child the award should be given. Naturally, I have been warmed by the hearty appreciation of the host of friends it has won since in mid-February it made its home at the Belmont theater. It is not because thousands of people have been amused by 'You and I' that I take pride in it. Rather it is because here you have written not a comedy of situation bordering on fact, but really a comedy of character. It is pleasant to go from your play with a renewed sense of the wholesome, fine-spirited people, who yet are keenly amusing, to be found all around us. Delicately, tenderly, and with no sentimentality, you suggest the affection and understanding of father, mother, and son. Humorously, yet gently, you have revealed to your generation one of the little tragedies of us, your elders, whom they are disposed, 'murmuring mid-Victorians,' to waive aside as emotional rigidities."

## Montana Sentinel Will Be Shown at National Exhibit

The Montana 1924 Sentinel will be entered in the national exhibit of collegiate publications, said Fred C. Freedel, representative of the Buckbee Mears company, Sunday. The convention will probably be in Cleveland. Parts of the book will be used in instructional work throughout the country, because it has many original ideas. Books that are entered in this exhibit are usually exchanged among the publishing companies to show new ideas that might be brought out.

A picture of North hall, taken at night, is to be used in one of the Buckbee-Mears publications as a show of what can be accomplished in photography. It will be printed in colors.

The date of the appearance of the year book will probably have to be postponed until June 5 or 6, because of the covers having been delayed in delivery to the Tribune office.

### LANTERN PARADE POSTPONED

The lantern parade in honor of the newly elected WSGA officers was postponed last night because of the wind, and will be held tonight if weather permits. The procession will assemble at Main hall promptly at 8 o'clock.

### Pick Your Office

**B**UT ten students filed as candidates for the six ASUM offices to be filled at the final elections to be held May 22. For but three of the six offices will there be any competition, the other three offices being automatically filled because there is but one candidate for each. Student offices can almost be had for the asking.

Last year there was nearly the same laxity of interest in student elections. Of course it must be a great satisfaction to the candidates to know that it is unanimously agreed that they are the only logical persons for their respective offices, but a cynic might say that it is a sad state of affairs when in a student body of over a thousand there are but ten peo-

ple who might be suspected of having sufficient ability to fill a student office.

Some time ago many of our students were rightfully indignant when a communication to the *Kaimin* hinted that some of our campus organizations were kept going only by those who wished to gain prominence by holding the offices of these organizations. This malicious accusation now can be well denied, for there are four more candidates than there are offices to be filled. There can be no reply to such evidence.

In behalf of the student body we deny that there is any lack of interest in our organizations.

### Knocking 'Hell' Out of Our Yells

**I**N THE "Letters" column of the Sunday edition of one of Missoula's morning newspapers we read a communication which heartily objects to the use of "Give 'em hell," "We drink our whiskey clear," and "I'm a son-of-a-gun for beer" by University students in their yells and songs. The latter two phrases are referred to as unconstitutional. It is intimated that the first is poor taste.

Of course the clergyman who wrote the criticism is right, as phrases of the song do not tell the truth. We do not "drink our whiskey clear" and beer is not sold at the campus store, as the song would intimate. Perhaps the song could be brought up to date, and Sherman's synonym could be substituted in the yell—but we must oppose it. The next step undoubtedly would be to cut the prohibition jokes out of the "Grist" column and then where would we be?

Another argument is: If you cut out "hell" and alcohol, some clergymen would be as hard put as the University students to find something to yell about.

## FORESTERS ATTENDING CAMP AT YELLOW BAY

The students of the School of Forestry left Saturday for their annual spring camp, which will be held at Yellow Bay on Flathead lake, May 10-18.

After leaving Missoula the party proceeded to Polson where the steamer Helena, which was chartered by the school, was waiting to take them to Yellow Bay, the site of the camp. While at Yellow Bay the steamer will take the students on a visit to Wild Horse island, Dayton, Big Fork and Somers, where they will inspect logging camps, lumber mills and timber lands.

As spring camp is part of the regular instruction given in the School of Forestry, all forestry students were required to attend unless excused by the University authorities. Six men of the school were excused in order that they could compete in athletic games which take place during the time of the spring camp.

Professor T. C. Spaulding is in charge of the camp and is assisted by the regular teaching staff of the Forestry school.

### NO "ATHLETIC HEART"

SAYS J. FRED BOHLER

The notion that athletes are likely to be shorter lived than other men, that their training and participation in contests "burns them out," is nonsense according to J. Fred Bohler, director of physical training for men at the State College of Washington.

"You hear of former stars who have broken down, sometimes," said "Doc," "but it was not their training or their athletic contests that did it. If they break down it is because they quit the good habits and healthy exercise they have been used to, and start smoking hard, perhaps drinking, and keeping all sorts of hours, eating enormously at all hours of all sorts of food, instead of the regular hours, plain, wholesome food and open-air exercise they have been used to. Other men who do the same thing have the same experience."

"The so-called 'athletic heart' is not due to athletic training, but the heart is a muscle like any other in the body, and if one accustomed to regular, wholesome activity suddenly quits and sits around, his muscles gradually become flabby and accumulate layers of fat. Then when a sudden strain is put on them, they are not equal to it. Just so with the heart."

"I should say the athlete is better fitted for life than the man who has not trained himself in regular habits and exercise and hardened his body to meet emergency."

### TRUMAN WILL GIVE ROTC WORK AT FORESTERS' CAMP

Sergeant W. H. Truman, of the ROTC instructional staff, left Saturday morning with the forestry students for their camp on Flathead lake. Sergeant Truman will instruct the members of the Grizzly battalion, numbering 40 men, who are forestry students in the prescribed work of the quarter. He will return next Sunday.

### CRAIG HALL APPLICATIONS TO BE SUBMITTED TO DEAN

"All upper class women who wish to live in Craig hall next year should apply at my office immediately," announced Dean Harriet Sedman.

"We reserve the rooms for the freshman girls of next year, but if there are vacancies in the lists we will fill in with the upper class students. The upper class students will be placed in the order that their applications are received."

### BLOOM CALLED HOME BY DEATH OF MOTHER

Herbert Bloom, a junior in the school of law at the University, was called to his home in Great Falls yesterday by a message announcing the death of his mother in that city. Mr. Bloom returned home from Great Falls last week after attending the funeral of his sister who died there two weeks ago.

## KAPPA DELTS FIND OUT THAT UNIQUE MIXTURES MIX QUITE MIXFULLY

Many are the sacrifices made for the sake of science. The latest sacrifice made public was on the campus of the University of Montana. The investigating committee was made up members of a certain organization that was recently granted a charter of Kappa Delta.

They were a bold lot, determined to settle, for once and all, the question that had threatened the life and health of a nation. With fortitude they prepared themselves for the ordeal. To their loved ones they sent messages of greeting—greetings full of cheer, little displaying the fact that soon they were to come face to face with the crises of their lives.

At last all was prepared and those brave ones, who, for the sake of future generations, offered themselves for this great test. The lights were low as they seated themselves at the table. Before each was a huge dish of ice cream, custards and whipped cream. Could they or could they not eat such a concoction and live? They ate it and lived, but it was a painful, very painful experience.

## HAMILTON TRIP COSTS BOY SHIRT PLUS PIN AND BRINGS GIRL JOY

A new sister has been added to the chapter roll of one of the tongs for men only on the campus. The pin was hung some time last week, but not in the usual way. It was found on a shirt that was left in a room at the hotel in Hamilton. The owner having rushed out to catch the train to Missoula forgot his shirt and the pin that was on it. The girl, when she came to clean up the room, found the shirt and also the pin. Thinking it was a nice pin and besides it was leap year she proceeded to hang said pin on her womanly bosom. The boy missed the pin when he got to Missoula and telephoned to the hotel to send him the pin immediately before he was set back the price of a box of cigars. So far the pin has not returned and the boy is becoming more frantic all the time. In his mind he can see visions of not only paying for a new pin and a box of cigars (he is spared the price of the five pounds of candy) but he sees visions of his liberty being coupled up in the impregnable fortress of involuntary and unsought matrimony. Moral—Keep your shirt on.

## DELTA PHI DELTA EXHIBIT IS WELL ATTENDED FRIDAY

Several hundred people attended the art exhibit given by Delta Phi Delta in the art department Friday afternoon after the track meet. Members of Delta Phi Delta served punch during the afternoon.

The exhibit consisted entirely of student work done in the department this year. The work shown included jostles from life, linoleum block prints in color and commercial work.

## NEW FORESTRY BUILDING DEDICATED PINCHOT HALL

Named in Honor of the First National Forester by the State Board of Education

The State Board of Education, last fall, officially dedicated this building as Gifford Pinchot hall, in honor of the first national forester. Pinchot hall is situated near the southeast corner of the campus, parallel to Main hall and Natural Science hall, and faces directly to the west. The building itself is one of the most beautiful of the new group, but grass and trees will improve its appearance greatly.

"This building is dedicated by the State of Montana to the work of forestry. I regard forestry as one of the most important lines of study, research, and investigation that the state could undertake." These are the words of President Charles H. Clapp, spoken in his address of welcome to the meeting of foresters and lumbermen of the northwest, held in Pinchot hall last October.

The forestry building is a type of the new architecture of the campus, and is known as Spanish Renaissance. This building contains a large assembly room, museum rooms for the different sections of forestry work, comfortable quarters for the Forestry club, together with the class rooms and administrative offices of the school of forestry. In this building are also the offices of the state forester of Montana, whose headquarters were transferred from Helena to the University this year.

## SISTERS SEND CALL FOR STATION KIELY AS COPY GIVES OUT

It happened while they were broadcasting the Interscholastic debate from Main hall Wednesday. She with the powerful lungs was giving the people over the state their nightly bedtime story while the fair damsel who was wielding the journalistic pencil made the copy for broadcasting. The journalistic one wrote too slowly. Copy ran short. Panic followed. What was she to do? Thousands of people over the state were waiting spellbound for the finish of the debate story. "My God, get Margaret Kiely," she yelled breathlessly into the transmitter.

### ALPHA CHI DANCE

Alpha Chi Omega held its first annual installation ball at the Elks' temple Saturday evening, May 10. About forty-five couples attended.

Mr. and Mrs. Francis Williamson, Harry Parsons, J. E. Miller, H. W. Kiff, A. F. LeClaire, Mrs. Harriet Sedman and Professor N. J. Leunes were patrons and patronesses.

## Caps off—to the Winners in the \$250 Prize Contest!

OVER 12,000 suggestions were received in the contest for slogans on the new Hinge-Cap on Williams Shaving Cream. The names of winners are given below. We congratulate these lucky persons and thank every one who participated for the interest shown.

THE J. B. WILLIAMS CO.,  
Glastonbury, Conn.

### 1st Prize \$100

"Found—a cap that nobody lost."  
J. C. Colver, '24, Emory & Henry College, Emory, Va.

### 2nd Prize \$50

"Better use me; you can't lose me."  
Hempstead S. Bull, Graduate School, University of Michigan.

### 3rd Prizes (2) \$25 each

"Like the Williams habit—you can't lose it."  
J. Anthony Walsh, '24, Brown University.  
"It's bound to stay."  
Alfred Clark, '26, Drake University.

### 4th Prizes (2) \$10 each

"Takes the 'mis' from missing—leaves the 'sing' for shaving."  
Miss Emma T. Westermann, '25, University of Nebraska.  
"The cap is always on, and you're lots better off."  
Lincoln Fisher, '24, Yale School of Medicine.

### 5th Prizes (6) \$5 each

Awarded to Hy. Hyman, '24, Ohio State University;  
Mishpman Donald Fairbairn, '24, U. S. Naval Academy;  
H. L. Pennock, '26, Colorado Agricultural College;  
Harold McCoy, '24, George Washington University;  
Cadet George Arthur Grayeb, '25, U. S. Military Academy;  
Miss Callie McWhirter, '24, University of Georgia.

## FRATERNITIES ENTERTAIN TRACK MEET VISITORS

Social Groups Give Many Functions in Honor of Interscholastic Attendees

Much entertaining, with breakfasts and dinners predominating, was done by the fraternities and sororities during track meet week.

Alpha Chi Omega gave a breakfast Thursday morning and a dinner Friday evening at the chapter house for the visiting guests. They also held their usual installation ball at the Elks' temple, Saturday evening. The chaperons were President and Mrs. C. H. Clapp, Dean Harriet Sedman, and Dr. Lennes.

Kappa Alpha Theta gave a breakfast Thursday morning at the Blue Parrot at which time they entertained about fifty guests, and gave a buffet supper at the chapter house Friday evening. They had as house guests Misses Katherine Mulcahy, of Deer Lodge, Gladys Wilson of Billings and Elizabeth Brown of Ryegate.

Kappa Kappa Gamma held a "Little Brother" luncheon Friday noon at the chapter house. Miss Patricia Torrence of Butte was the guest of her sister, Solome, during the week.

Delta Gamma held open house for all University students and track meet visitors Thursday from 4 to 7 o'clock. Friday evening a dinner was given for house guests which included Misses Marguerite Jacobs of Lewistown, Wynema Woolverton of Cardwell, Ruth Fryer of Livingston and Mary Jane Hooper of Stevensville.

A Montana luncheon Thursday noon, a jonquil breakfast Friday morning and a May day luncheon Saturday noon were included in the program of Alpha Phi. Their guests were Misses Alice Mapes, Helena; Catherine Moore, Helena; Evelyn Collings, Anaconda; Alma Garber, Plains; Virginia Joughin, Libby; Magdahl Weberg, Kallispell; Ethelyn Tannhauser, Butte; Gladys Mathews, Havre; Mrs. Lorimer Smith, Butte; and Mrs. Virginia Olson, Havre.

Kappa Delta gave a Japanese tea Thursday afternoon and a tulip breakfast Saturday morning. Their guests were Misses Dagny Hanson of Malta, Maybelle Garrison of Saco, Eva Wyman of Phillipsburg, Dorothy Baker and Geraldine Bowden of Helena.

A breakfast Friday morning and a luncheon Saturday noon were given by Phi Beta at the chapter house. Their guests were Misses Thelma Hayes of Great Falls, Ruth Bryan and May Metcalf of Phillipsburg.

Beta Zeta gave a breakfast Thursday morning and a dinner Friday noon for their guests. Mrs. J. D. McGregor and daughter Jean of Butte, Misses Harriet McLaughlin of Stevensville, Ellen Lungensbach of Helena, Louise Switzer and Alberta Kaa of Victor.

Omega Xi gave a dance Thursday evening and a breakfast Friday morning at the chapter house. Their guests were Misses Hortense and Dolores Chilsten, Frances Mattar, Gertrude Ward and Elaine Cassidy, all of Butte.

Sigma Chi held open house Thursday afternoon for all high school athletes.

celebrated its annual homecoming banquet Thursday evening and also gave a picnic Sunday.

Sigma Phi Epsilon gave a buffet dinner Friday evening and a smoker Saturday evening for their guests.

The dinner dance scheduled for Friday evening at the Country club by Sigma Nu was called off because of the death of Philip J. Angland.

## Interscholastic Track Meet Most Successful in History of Montana

The Twenty-first Annual Interscholastic Track meet is history. All contestants and visitors have returned to their schools and are resuming their studies. Montana's campus has again returned to normalcy. It is no longer overflowing with enthusiastic high school students; it no longer resembles a kaleidoscope, as it did in the past week when hundreds of excited people bedecked in their favorite team's colors hurried to and fro on the athletic field, but in the minds of the people of Missoula and on the record books of the interscholastic committee the memory of the past week will stand indefinitely.

More contestants and more schools were represented at the past meet than at any preceding one. Only one record was broken, but the time in all cinder events was fast, and the height and distance in the jumps and weights were better than last year.

Attendance Records Broken  
All attendance records were shattered on the closing day of the meet. It was estimated that more than 6,500 people witnessed the final events. No financial report has yet been made, but the indications show that the meet was also a financial success.

A Missoula sport fan was overheard saying: "From the first gun announcing the opening heat in the 50-yard dash until Keyes of Butte Central broke the tape in the half-mile relay, this meet was a thriller. There was nothing to mar the beauty of the affair. Every contestant and onlooker displayed good sportsmanship at all times. This meet can easily go on record as being the most successful in history."

## AWARD MEDALS TO RIFLE TEAM WINNERS THURSDAY

Medals for the best shots of the men's and girls' rifle teams are on exhibition in the student store and will be awarded at the battalion review, Thursday, May 22. The review will commence at 5 o'clock after a two-hour drill period and will be in honor of the recipients of the medals, stated Major George L. Smith yesterday afternoon.

The men's medals consist of a gold rifle, an "M" hanging from the barrel and a target superimposed on the "M." The gold rifle is for first place, silver rifle for second place and bronze rifles for third, fourth and fifth places. The following men will receive medals: C. F. Beall, gold rifle; M. W. Williamson, silver rifle with "M"; R. C. Graham, R. M. Davis and R. Wiprud, bronze rifles with "M's."

The girls' medals consist of gold rifles with a small "M" fastened to the barrel. For the winner of first place a gold bar with 1924 is hung from the barrel; second place has a silver bar and third, fourth and fifth places have bronze bars. Maebelle Mohrerr took first; Frances Crabb, second; Eleanor Stephenson, Edyth Benbrooks and Audrey Deighton were third, fourth and fifth.

Major George L. Smith coached the girls' team and Captain Jack W. Howard the men's team.

## STUDENTS CAN SELL BOOKS AT CAMPUS STORE FRIDAY

E. H. Long of the College Book store, Lincoln, Nebraska, will arrive on the campus Friday morning to spend the day at the campus store, where he will buy old college books whether they have ever been in use on this campus or not. Anyone who has second-hand books for sale can find a buyer Friday, May 16, at the store.

Mr. Long comes direct from W.S.C., where he has been on the same business. He has also been to the universities on the coast this trip.

## QUADRON MEETS FRIDAY; JUNIOR GIRLS INVITED

Junior girls who will have senior standing next year are invited to a joint meeting with the Quadrons, senior women's organization, at the Natural Science auditorium Friday night at 5 o'clock. There will be election of officers from the new senior class for next year, and all girls are asked to be present. Refreshments will be served.

## LECTURE TOUR IN EAST COMPLETED BY DR. ROWE

Lectured on "The Scenic Northwest" Before Audiences in Thirty Cities of Eastern States

Dr. J. P. Rowe, who has been absent for the past month on a lecture tour of the central-eastern and southern states, returned Friday.

While on his tour, Dr. Rowe spoke in thirty cities, mostly in the state of Indiana. Kiwanis clubs, Rotary clubs, teachers' conventions, high schools, universities, chambers of commerce and other organizations, including the Round Table club of New Orleans, were his hosts, and he gave his lectures under their auspices.

Dr. Rowe's lectures on "The Scenic Northwest" were given before crowds of from 50 to 1,200 people, totaling over 10,000 persons altogether. The lectures were illustrated by lantern slides of various points of interest and a motion-picture reel of the Mission range.

While on tour, Dr. Rowe sent over 500 names of persons who are interested in coming to the northwest this summer, some of whom will probably attend the summer session at Montana. Additional literature, describing the courses given at Montana this summer, and the University's plans for week-end trips and excursions to Yellowstone and Glacier parks, has been sent to these persons by the Department of Education.

## Public Service Division Answers Many Inquiries

In accordance with a fixed purpose to render the greatest possible service to the people of Montana the State University maintains what is termed the public service division. This division includes the correspondence study department, offering regular university courses to persons who cannot attend the University. The advantages of university training are thus made accessible to everybody in the state as well as to many who register from other states.

The division also includes the board of recommendations, composed of members of the faculty. The board receives calls for employees, particularly teachers, and recommends qualified graduates for the positions offered. It thus helps the schools and industries of the state to find trained men and women for the positions that are open, and also helps the graduates of the University find positions.

The bureau of information is another branch of the public service division; its function is to furnish information on various subjects to citizens of the state. The organized knowledge and the resources of the University library are thus placed at the command of Montana's people.

The services of members of the University faculty are from time to time wanted here and there in the state for public addresses and lectures. Arrangements for this service are made by the public service division.

A nationwide canvass among alumni and friends has been begun by Northwestern university to collect \$5,050,000 for the endowment fund and for numerous new buildings. Already \$1,500,000 has been either subscribed or pledged. The students and faculty alone subscribed over \$200,000.

Helen Peterson, '27, of Butte, was called home Friday by the death of her father.

### LOST AND FOUND.

LOST—A rosary. Return to Virginia Britt or leave at the Kaimin office.

LOST—An Elgin watch, somewhere on the campus. After day. Finder please return to the telephone booth.

LOST—"Wahl" gold pencil. Return to Kaimin office.

LOST—a brown Waterman Ideal fountain pen, No. 52. Reward for return to Kaimin office.

FOUND—A vanity compact in a leather case, a large vanity, a fountain pen, a gold lead pencil, top to a Waterman pen, a red hat and a pair of leather gauntlets. Apply at Kaimin office or at telephone booth in Main hall.

LOST—AT THE ABER DAY MIXER, a brown leather purse containing a Corbin key and a small amount of change. Finder please return to the telephone booth.

## LUCKY STRIKE

By R. W. N.

One night at my club,  
I became bored with  
My surroundings and  
Left the place, sort  
Of disgusted, and sought  
The fresh air  
And dark streets for  
Relief from my sordid  
Feelings.

A sifted rain had just  
Started, and after  
Walking several blocks,  
I sought a dark  
Sheltered corner and  
Became amused at  
The passerby.  
A sense of mystery  
Crept over me and  
I huddled closer to  
The cooler, darker shadows.

A girl approached  
My corner and seemed  
To seek shelter from  
The moisture that had  
Then become a downpour.

Being a gentleman, I  
Stepped out into the  
Open, with an air  
That seemed to let her  
Know that she might  
Have the corner  
Unmolested.

But, I had hardly  
Stepped into the faded light  
Of the street lamps, when  
She called softly to me  
And when I turned back  
She asked, "Please, sir,  
May I have one of your  
Cigarettes?"

"Certainly," I replied, in  
A surprised tone, as I handed  
Her my package.  
Her cool fingers touched  
Mine, as she withdrew  
A cigarette from the package,  
And her touch was so  
Magnetic that I  
Became very nervous.

But I managed to strike  
A match for her,  
And by its  
Glare, I looked into the  
Eyes of not an ordinary

Person.

They were deep blue,  
Covered with long dark  
Lashes that flapped  
Dreamily, like wings  
Of butterflies, and I  
Became enamoured.  
Her polite "Thank you"  
Aroused me from my  
Wanderings, and as she  
Smiled, I saw her white shining  
Teeth, between the parted, beautiful  
Lips.

I became frightened and  
Wanted to flee, but  
As I hesitated, she stepped  
Nearer, and well—  
She rose on  
Her tip-toes and  
Kissed me full on  
The lips, and fled  
Down the street, never  
Once looking back.

I am never bored  
Or disgusted with the world  
Nowadays,  
For I am always  
Peering into the  
Faces of those  
Who pass me by.  
Looking for the  
Girl who stole  
A kiss from  
Me on that  
Gloomy night.

## It's Not Altogether A Matter of Price

Deciding to buy a certain article just because the price is little, is not necessarily saving money.

If the article is of good materials and reliable workmanship and the price is little for such quality, then you have made a real saving.

The standard of our goods is uniformly reliable and it is because of this fact that our low prices afford you savings that are extremely difficult to match.

## JESSE COMMENDS SPIRIT SHOWN BY TOWNSPEOPLE

Track Meet Ticket Sales Exceed Quotas; Final Check-up Not Yet Made

"Never before has the committee in charge of the Intercollegiate Track meet received so much co-operation from the merchants and townspeople as they did this year. It was remarkable," quoted Dean Jesse yesterday. "It is very hard to say anything definite on the outcome of the meet financially, but I think there will be some reserve for next year. If the meet doesn't prove successful financially this year, it never will."

The receipts of the meet, amounting to \$6,650, were as follows: The Chamber of Commerce sold season tickets to the amount of \$2,949.50. This exceeds their quota by several hundred dollars. The student store sold season tickets to the amount of \$300; the Missoula high school \$226, and the Missoula grade schools, \$130. The gate receipts Thursday afternoon were \$540 and Thursday evening at the high school were \$97. Friday afternoon \$1,279 was taken in at the gates, and \$106 was taken in at the high school that evening. The receipts from the sale of programs amounted to \$375. From this amount must be deducted their cost. Miscellaneous sales amounted to \$54.75. Adding \$500, the sum appropriated by the University for this event, makes a total of \$6,650. This amount exceeds last year's receipts by about \$600.

"The expenses of the meet have not all been itemized, and at the present time it is impossible to say whether or not the meet paid for itself. However, many economies were put into effect at this time, saving several hundred dollars. Whether or not the general expenses above estimation will exceed this sum will not be known until a complete audit is taken," said Doctor Jesse.

## GIVES EVERYTHING TO REBUILD SCHOOL

How a Japanese woman student at an American college sacrificed almost everything she owned in order to rebuild her old school in Japan, destroyed by the recent terrible earthquake, is told in the Michigan Daily, as follows:

"Now I have nothing, but I am happy," said Fumi Kinai, '25, when interviewed recently after she had given practically everything which she possessed to help rebuild the school from which she graduated in Japan, which was destroyed by earthquake.

Miss Kinai and Hide Shohara, '26, who are both Barbour scholars, graduated from Miss Tsuda's English school for women in Japan before coming to this country. Recently at the house where Miss Kinai lives they conducted an unique auction sale, selling all of their choicest possessions, their trinkets, treasures and much of their clothing, in order that they might be able to do their bit in rebuilding the school which they cherish so highly.

Miss Kinai tells the story of the founding of the school and what it means to her, and she inspires her hearers with the great love and interest which she has for this institution.

"Miss Tsuda was one of the first group of Japanese girls to come to this country to obtain an education. She came in 1871, and remained here for 11 years, studying at Washington, D. C. When she returned to Japan she was employed in the imperial family as interpreter, and later returned to America for three years, during which time she studied at Bryn Mawr college.

"In 1900 she started her school in Japan. It started with seven students in a small rented house without equipment, financial or otherwise. It was the only private school for women in Japan, and it was founded for the purpose of giving to Japanese women higher education under the influence of a Christian home. The school is not a mission, but nevertheless, 90 per cent of the women who enter it as non-Christians, come out as Christians, due to the great personality and influence of the teacher.

"Miss Hartshorn, an American, who since 1903 has been Miss Tsuda's assistant, is now on her way to America, where she will start a campaign among the alumnae of the school in the hopes of being able to rebuild it."

As she stopped speaking, Miss Kinai looked away as though she saw visions of the new school in which she may some day teach her countrywomen the ideals which she herself developed there.

The Templars announce the pledging of Lloyd Mather, Spokane, Washington, and William Koch and James Bates, Missoula.

## Association to Rate Journalism Schools According to Standards

Classification and gradation of American schools of journalism to distinguish between first and second rate schools will soon be made by the Association of American Schools of Journalism, according to Dean M. L. Spencer of the University of Washington, who is president of the association.

Dr. Willard G. Bleyer, head of the department of journalism in the University of Wisconsin, is chairman of the committee on standardization and classification. Dr. Bleyer will co-operate with the American Society of Newspaper Editors in his work.

The distinction between schools offering newspaper work and those which teach industrial journalism will be made by the association.

Standardization of courses in journalism throughout all of the country is being attempted by the organization.

### FRENCH CLUB WILL GIVE PUPPET SHOWS AT MEETING

Two puppet shows and the usual French songs will feature the third meeting of the French club, Le Cercle du Chevalier de la Francsais, Thursday evening in room 10 of the Law building.

Mrs. Louise Arnoldson, professor of foreign languages, will be in charge of the puppet show, the titles of which have not been announced.

All students taking French are invited to attend the meeting which will convene at 7:30 o'clock.

### Opportunity Is Offered To Earn Master's Degree

With the rapid advance of science and the expansion of industries to their present huge proportions has arisen a great need for specialists in all fields of endeavor. The spread of knowledge is today so broad that in order to get the essentials of an education four years in college are required. The student majors in a given subject during his undergraduate course, and obtains a thorough understanding of the fundamentals of his subject and receives some advanced training. But the highest type of advanced work requires a much broader knowledge of his major subject than can be obtained in four years of undergraduate study. This is especially true for the research work in the sciences. Students who plan to make teaching their life work and prefer to teach in colleges and universities find graduate work absolutely necessary for promotion to the best positions.

Graduate courses toward two degrees, master of science, and master of arts, are offered in the State University. The courses are much more rigorous than undergraduate courses, and the advanced degrees are granted only for attaining distinction in the subject pursued, not merely for passing in a certain number of hours.

## Sport Squibs

The marks made last Saturday in the interclass meet were exceedingly good as compared with the efforts of other northwest schools. Five field records were broken.

Sweet lowered the 220-yard record by a fifth of a second, Plummer added several feet to the javelin throw, Shaffer bested the discus mark by a foot and a half, and Baney and Shaffer beat the pole-vault record by three inches.

Stark's work in the dashes is improving with each tryout. Saturday he made the century in 10.1, time that will make the Washington racers step.

Blumenthal shoved the shot out five inches better than the old state mark. A week before in practice he made 45 feet, which is considerably better than most of the big men in the country are doing.

The Huskies pounded Hanson all over the lot, collecting 17 hits for 15 runs. A goose-egg never looks good until there is another with it to match it.

Saturday's track meet results: Whitman, 68; Gonzaga, 62. Washington State, 79½; Idaho, 51½. Washington, 74; Oregon, 53.

Montana's track and field team will leave Missoula for the two western dual meets Thursday morning at 10:30 on the Northern Pacific.

The Grizzlies can hardly hope to trim

W.S.C. or Idaho in the coming meets, but will have several individuals who will make creditable performances. Too bad that Sweet and Gillette are not sophomores.

Tommy Long and Anderson were the two bright lights on the Grizzly ball team in the two games with the Washington Huskies. Long drove out a two-bagger to chase in the first run, Driscoll, and Anderson made good on six chances in the first game.

University co-eds are undergoing intensive training for the annual co-ed track meet. Bonbons and King Tut bars are the principal diet.

Tom McGowan, Gooch Sheedy, Jack Sterling, Steve Sullivan and several other graduates of track fame attended the Intercollegiate Meet last week.

Burns of Jordan will be a likely prospect for the frosh teams next year. He is exceptionally big and strong, and should go well in football.

Bessey, the midget who took first honors in the javelin throw, was Bill Kelly's rival for all-state quarterback honors in

1922. He injured his back slightly while throwing.

A big league scout attended the baseball games between Montana and the University of Washington, to look over Bissuits Driscoll. Driscoll booted two chances while playing. Guess the scout never heard of Anderson.

What Industry Owes to Engineering

# First in Electrification of Industry

### Where Westinghouse Blazed the Trail

Steel Industry  
Textile Manufacturing  
Paper Making  
Rubber Industry  
Material Handling  
Motion Picture Industry  
Meat Packing  
Railroading  
Ship Building  
And Others

In 1891 the first electric motor was put to work in a steel mill. In 1905 the first large rolling mill motor, and in 1906, the first reversing mill motor were also installed in steel mills. These motors—all Westinghouse Motors—were history-makers in the steel industry.

Other industries too have profited by Westinghouse engineering pioneering.

—In the textile industry, individual motor drive became a reality in 1902, in the Sauguito Silk Co., Philadelphia, Pa.

—In the rubber industry, Westinghouse ideas as originally applied in 1900, are today the standard method of application in plants throughout the world.

—In the handling of materials at the world's great shipping centers, in the manufacturing of paper, in the motion picture industry, in coal mining, in meat packing, railroading, ship building—in fact, in every branch of human activity can be found progress and profits traceable directly to the pioneering of Westinghouse Engineers.

# Westinghouse
